

### Your Partner for RMI

- Universal products – spare parts available which will suit multiple brands
- Full portfolio of spares available from our in-house customer service technicians who are fully trained to provide personal, friendly and in-depth support
- Extensive warranty covers 2 years labour

## Help your clients save water

We are serious about water savings and want your clients to see the benefits in their water and energy bills. Our unique and patented showering technologies use less water without any compromise on performance. We can support you in getting ahead of Part G (2025) and 110 litres per person per day targets.

### Guarantees

- Fit and forget Methven and Deva by Methven products
- Supported by solid guarantees for complete peace of mind – 12 years on Deva taps and 5 years on thermostatic showers and bath shower mixers
- Our technology shower heads have a lifetime warranty for the original purchaser

## Creating amazing water experiences is what we do every day at Methven and have done since 1886.

Today, we are world renowned for beautifully designed, award-winning showers, taps and valves.

This collection of products is designed for use in affordable housing where water efficiency, decarbonisation and safety are paramount.

# INNOVATION FOR AFFORDABLE HOUSING

A range of quality bathroom and kitchen taps supported by first class customer service and comprehensive warranties

## COMMODITY TAPS & MIXERS

- Vitality ranges – choice of lever or round handles
- Lever basin and bath taps feature quarter turn ceramic disc handles for smooth operation
- Easily identifiable hot and cold water selection
- Complete with brass back nuts for durability
- WRAS approved

## SAFE FAMILY BATHING

- WRAS and TMV2 approved for ultimate safety
- Thermostatic valve with 38°C temperature stop (with override)
- Available with patented Satinjet technology in the shower head for ultimate water efficiency
- Option for easy fit shower rail with adjustable brackets – ideal for retrofit
- Fit a bath shower mixer rather than an electric shower to save on installation costs – no need for a Part P plumber or the installation of separate bath taps

## Water & Energy Savings for Homeowners

- We are innovators and specialise in water saving technologies which deliver an uncompromised performance
- We own 3 out of 6 worldwide patents for showering technologies
- Our Satinjet shower heads are optimised to operate at 8 litres per minute or 5.5 litres per minute for low flow options

## INCLUSIVELY DESIGNED BATHROOM TAPS & MIXERS

- WRAS and BS standards for complete peace of mind
- Easy to operate
- Basin mixers include press top waste

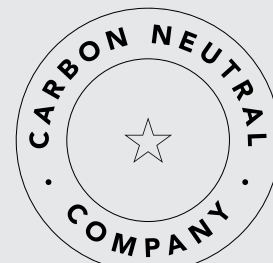

## KITCHEN TAPS

- Easy to operate handles
- Flow regulated options available
- Choice of single and dual flow mixers
- Fitted with ceramic cartridges or discs for a smooth operation and longer life
- Swivelling spouts to enable maximum access to the sink area
- WRAS approved

## Carbon Neutral Company

For the second year running Methven have been accredited with carbon neutral status. In line with requirements of the certification, Methven has offset its Scope 1 and Scope 2 emissions for the financial year of 2023 through working with THG Eco supporting the development of a hydro-electric dam.
